

# SUPPORT THE ARTS

As part of Ballet Northwest's 50th anniversary celebration, the company is proud to present **Crescendo** with members of the Olympia Symphony. This exciting program will feature a suite of dances from the famous Russian ballet **La Bayadere**, the world premiere of Gershwin's **An American in Paris** choreographed by Eugene Ballet's resident choreographer Suzanne Haag, Ravel's **Bolero** choreographed by South African choreographer Joanne Holbrook, and Vivaldi's exquisite **Four Seasons** juxtaposing classical and contemporary choreography.

Staging an evening of premieres with live music is a big undertaking, so Ballet Northwest is asking for your help to make it possible. BNW is embarking in a \$20,000 fundraising campaign to make this project possible. Donations may be made in honor or memory of someone, and can be broken out into four monthly payments (May-August.)
